

June "When She Speaks" Women in Leadership Series

RAL & Associates, in partnership with FountainBlue, is pleased to present the San Francisco "When She Speaks" Women in Leadership Series, highlighting the stories of influential Bay Area women across both corporate and non-profit organizations.

With the generous support of **Charles Schwab & Co.**, we are pleased to produce these monthly events on the third Thursday of the month from 5:00 p.m. - 7:00 p.m. Our June 18th program, entitled "**From Baby Boomers to Millennials: The Role of Diversity in Employee Engagement**", will be held at Schwab's Conference Center at 215 Fremont Street San Francisco.

As the economy begins to improve, hiring will resume in earnest and senior managers will need to work carefully to insure there is high employee engagement, taking into account the diversity of the workforce. What may be very attractive work place opportunities for Baby Boomers may not appeal to Millennials or other generational employee groups. Women and men may want to see different kinds of opportunities for growth in the work environment; and with the growing number of employee associations for unique demographic groups at work there is much to be done to insure engagement remains high.

We will look at the role of diversity in employee engagement and describe different ways in which major companies are holding fast to the ideal of leveraging the talents and skills of all employees. Our panel will include:

- Moderator Kristi Royse, Principal, KLR Consulting
- Panelist Joyce Ibardolassa, Director of Diversity and Inclusion, PG&E
- Panelist Robin Tucker, Global Lead Management Consulting
- Panelist Cynthia Owyong, Senior Manager, Diversity and Employee Engagement, Yahoo!
